

Seaspan Reports Financial Results for Three and Six Months Ended June 30, 2007 and Declares Quarterly Dividend of \$0.44625 Per Share

HONG KONG, CHINA, Jul 18, 2007 (CCNMatthews via COMTEX News Network) -- Seaspan Corporation (NYSE:SSW) announced today the financial results for the three and six months ended June 30, 2007.

"Our strong performance during the second quarter reflects the continued execution of Seaspan's growth strategy," said Gerry Wang, Chief Executive Officer of Seaspan. "Specifically, we continue to take early delivery of vessels while further expanding both our contracted fleet and secured revenue and EBITDA stream. Of note, we continued to build our existing relationships as we contracted to purchase eight new build vessels at an estimated cost of \$1.1 billion from Hyundai Heavy Industries Co., Ltd. to be chartered to COSCO Container Lines (Hong Kong) Co., Ltd. on 12-year charters. Currently, our contracted fleet has grown to 55 container vessels, including 29 existing vessels in operation, with an asset value of approximately \$3.9 billion and expected annual EBITDA of \$370.0 million in 2011 once all vessels are delivered in 2010." EBITDA is defined as net earnings before interest, undrawn credit facility fees, taxes, depreciation and amortization of deferred charges.

Mr. Wang continued, "During the second quarter, we completed another successful equity offering, raising \$154.4 million in net proceeds. We also amended one of our credit facilities to increase our borrowing capacity to \$1.3 billion from \$1.0 billion. The net proceeds from the equity offering combined with the expanded credit facilities provide significant liquidity in support of our strong growth. Going forward, we believe our financial position bodes well for Seaspan to continue to execute the company's strategy aimed at taking advantage of the favourable industry fundamentals and solidifying our leadership position in the containership industry."

Highlights:

In the three and six month period ended June 30, 2007, we have:

- increased net earnings, which includes a non-cash change in fair value of financial instruments of \$18.5 million, by 296.8%, or \$25.1 million, to \$33.5 million for the three months ended June 30, 2007 from \$8.4 million for the three months ended June 30, 2006. Net earnings, which includes a non-cash change in fair value of financial instruments of \$19.9 million, increased by 178.8%, or \$30.9 million, to \$48.2 million for the six months ended June 30, 2007 from \$17.3 million for the comparable period in 2006. Excluding the non-cash changes in fair value of financial instruments, net earnings would have increased by \$6.5 million, or 75.6%, to \$15.0 million and by \$10.9 million or 62.6% to \$28.3 million for the three and six months respectively.
- increased earnings per share by 182.6%, or \$0.42, to \$0.65 for the three months ended June 30, 2007 from \$0.23 for the three months ended June 30, 2006. Earnings per share increased by 102.1%, or \$0.49, to \$0.97 for the six months ended June 30, 2007 compared to \$ 0.48 for the six months ended June 30, 2006. Excluding the non-cash changes in fair value of financial instruments, earnings per share would have increased by \$0.05, or 20.8% to \$0.29, and by \$0.09 or 18.8% to \$0.57 for the three and six months, respectively.
- generated \$27.1 million of cash available for distribution for the three months ended June 30, 2007, an increase of 79.4%, or \$12.0 million from \$15.1 million for the three months ended June 30, 2006. Cash available for distribution increased by 70.2%, or \$21.1 million, to \$51.3 million for the six months ended June 30, 2007 compared to \$30.1 million for the six months ended June 30, 2006.
- declared a quarterly dividend of \$0.44625 per share for the quarter ended June 30, 2007.
- accepted delivery of the 4250 TEU Manila Express on May 23, 2007. This ship is the last in a series of nine vessels chartered to Hapag-Lloyd USA, LLC, a subsidiary of Hapag-Lloyd AG.
- amended our \$1.0 billion secured loan agreement dated August 8, 2005 on May 11, 2007. The amended and restated credit agreement provides for a \$1.3 billion single-tranche senior secured seven year revolving credit facility. The borrowings under the \$1.3 billion credit facility will be used to finance vessel acquisitions, refinance vessels already acquired by us and for general corporate purposes.
- issued 5,000,000 common shares in an underwritten public offering on April 24, 2007 and issued an additional 475,000 common shares to the underwriters on April 30, 2007 as part of an over-allotment option. We raised net proceeds of \$154.4

million which have been used primarily to fund vessel acquisitions.

- increased our contracted fleet to 55 vessels with the signing of agreements to acquire eight 8500 TEU new build vessels from Hyundai Heavy Industries Co., Ltd. in South Korea. The vessels are scheduled to be delivered between November 2009 and

November 2010. The total delivered costs are expected to be approximately \$132.5 million per vessel. We concurrently entered into 12-year charter agreements for the eight new build vessels with COSCO Container Lines (Hong Kong) Co., Ltd., an affiliate of COSCO Container Lines, Ltd. of China at a rate of \$42,900 per day. The charterer will have three consecutive one year options to charter each of the vessels at a rate of \$43,400 per vessel per day. Once all vessels are delivered, these eight vessels will contribute annual EBITDA of \$106.2 million.

Results for the Three and Six Months Ended June 30, 2007:

Revenue

Revenue increased by 75.6%, or \$21.1 million, to \$48.9 million in the quarter ended June 30, 2007, from \$27.8 million in the quarter ended June 30, 2006. The increase was mainly a result of the 11 vessel deliveries subsequent to the quarter ended June 30, 2006. These additions to our fleet collectively contributed 948 operating days, which increased revenue by \$20.6 million during the three months ended June 30, 2007. Operating days increased by 68.6%, or 978, days to 2,404 days in the second quarter of 2007, from 1,426 operating days in the quarter ended June 30, 2006. There was no significant unscheduled off-hire during the second quarter of 2007.

For the six months ended June 30, 2007, revenue increased by 71.2%, or \$37.5 million, to \$90.1 million versus \$52.6 million for the same period in 2006, which was primarily due to the addition to our fleet of 11 vessels. The delivery of these 11 vessels contributed 1,590 operating days, which increased revenue by \$34.2 million.

We incurred 44 days of off-hire for the six months ended June 30, 2007, which impacted revenue by \$1.0 million. This was due mainly to scheduled 5-year surveys during the six months ended June 30, 2007. Vessel utilization was 99.0% for the six months ended June 30, 2007 as compared to 97.8% for the same period in 2006.

Ship Operating Expense

Ship operating expense increased by 67.1%, or \$4.5 million, to \$11.2 million in the quarter ended June 30, 2007, from \$6.7 million in the quarter ended June 30, 2006. The increase was due primarily to the addition to our fleet of 11 vessels and the fixed daily operating rates for each vessel, as specified in the relevant management agreement. These 11 deliveries contributed 949 and 1,605 ownership days respectively for the three and six months ended June 30, 2007.

For the six months ended June 30, 2007, ship operating expense increased by 67.7%, or \$8.4 million to \$20.9 million as compared to \$12.5 million for the six months ended June 30, 2006. Again, this was due to the 11 deliveries.

Depreciation

Depreciation increased by 94.7%, or \$5.9 million, to \$12.2 million in the quarter ended June 30, 2007, from \$6.3 million in the quarter ended June 30, 2006. The increase was due to the 11 vessels added to our fleet.

For the six months ended June 30, 2007, depreciation increased by 91.4%, or \$10.8 million, to \$22.7 million as compared to \$11.9 million for the same period in 2006. This was mainly due to the addition of 11 vessels to our fleet.

General and Administrative Expenses

General and administrative expenses increased by 29.2%, or \$0.4 million, to \$1.5 million in the quarter ended June 30, 2007, from \$1.1 million in the quarter ended June 30, 2006. This increase is primarily due to share based compensation.

For the sixth months ended June 30, 2007, general and administrative expenses increased by 34.8%, or \$0.7 million, to \$2.8 million as compared to \$2.1 million for the same period in 2006. Again, this increase is primarily due to share based compensation expense.

Interest Expense

Interest expense was \$8.6 million for the three months ended June 30, 2007 and \$15.1 million for the six months ended June 30, 2007 as compared with \$4.0 million for the three months ended June 30, 2006 and \$6.7 million for the six months ended June 30, 2006. The increase was due to additional draws on the \$1.3 billion credit facility to fund vessel deliveries.

Write-off on Debt Refinancing

As a result of the amendment of our \$1.0 billion credit agreement, we wrote-off \$0.6 million of unamortized financing fees which is a non-cash charge.

Change in Fair Value of Financial Instruments

During the three months and six months ended June 30, 2007, the gain from the change in fair value of financial instruments was \$18.5 million and \$20.0 million, respectively, as compared to \$0.1 million losses for the three months and six months ended June 30, 2006. The change in fair value of financial instruments does not represent results from our operations or business and has no cash impact.

Distributable Cash

During the three and six months ended June 30, 2007, we generated \$27.1 million and \$51.3 million, respectively, of cash available for distribution, as compared to \$15.1 million and \$30.1 million for the comparative periods in 2006. Distributable cash is a non-GAAP measure. Please read Reconciliation of Non-GAAP Financial Measures - Description of Non-GAAP Financial Measures - Cash Available for Distribution for a description of cash available for distribution and a reconciliation of net earnings to cash available for distribution.

Dividend Declared:

We declared a quarterly cash dividend of \$0.44625, representing a total cash distribution of \$23.7 million. The cash dividend is payable on August 10, 2007 to all shareholders of record as of July 30, 2007.

Mr. Wang concluded, "Our dividend for the second quarter of 2007 marks the third consecutive dividend under our initial increased quarterly dividend of 5 percent to \$0.44625 per share. Including the second quarter 2007 dividend, we declared and paid cumulative dividends of \$3.26875 per share since going public in August 2005. We believe our substantial fleet expansion supports future dividend growth as we position the company to significantly expand its cash available for distribution."

Fleet Utilization:

Our fleet was utilized 99.9% and 99.0% for the three and six months ended June 30, 2007 respectively compared to 98.3% and 97.8% for the comparable periods in the prior year. There was no material unscheduled off-hire during the quarter.

The following tables summarize vessel utilization and the impact of the off-hire time incurred for special surveys and vessel repairs on our revenues for the first and second quarters:

Recent News

On July 5, 2007, we took delivery of our 28th and 29th vessels, the CSCL Long Beach and the COSCO Yinkgou. The CSCL Long Beach is the last of the 23 vessels of the original contracted fleet at the time of our initial public offering and is chartered to China Shipping Container Lines (Asia) Co., Ltd. The COSCO Yingkou is the second of ten Seaspan vessels to be chartered to COSCO Container Lines Co., Ltd.

About Seaspan

Seaspan owns containerships and charters them pursuant to long-term fixed-rate charters. Seaspan's fleet of 55 containerships consists of 29 existing containerships and 26 to be delivered over approximately the next 3.5 years. The 26 vessels that Seaspan has contracted to purchase are already committed to long-term time charters averaging approximately 11

years in duration from delivery. Seaspans operating fleet of 29 vessels has an average age of approximately four years with an average remaining charter period of approximately eight years. Seaspans customer base consists of seven of the largest liner companies, including China Shipping Container Lines, A.P. Moller-Maersk, Mitsui O.S.K. Lines, Hapag-Lloyd, Coscon, K-Line and CSAV.

Seaspans common shares are listed on the New York Stock Exchange under the symbol "SSW".

(1) Effective January 1, 2007, Seaspan adopted FASB Staff Position ("FSP") AUG AIR-1, Accounting for Planned Major Maintenance Activities, which provides guidance on the accounting for planned major maintenance activities. Previously, Seaspan accounted for dry-dock activities using the Accrue-in-advance method. Seaspan has adopted the deferral method of accounting for dry-dock activities whereby actual costs incurred are deferred and amortized on a straight line basis over the period until the next scheduled dry-dock activity.

Seaspan has applied FSP AUG AIR-1 retrospectively. As a result, certain comparative figures as of December 31, 2006 and for the three and six months ended June 30, 2006 have been adjusted. The effect of the adjustment is an increase to Seaspan's net earnings of \$0.4 million and \$0.7 million respectively for the three and six months ended June 30, 2006. As at December 31, 2006, the effect of the adjustment to Seaspan's balance sheet is an increase in other assets of \$1.9 million and a decrease in retained deficit of \$1.9 million.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES FOR THE THREE AND SIX MONTHS
ENDED JUNE 30, 2007
(IN THOUSANDS OF US DOLLARS)

Description of Non-GAAP Financial Measures - Cash Available for Distribution Cash available for distribution represents net earnings adjusted for depreciation, net interest expense, amortization of deferred charges, stock-based compensation, prepaid dry-dock, and the change in fair value of financial instruments. Cash available for distribution is a non-GAAP quantitative standard used in the publicly-traded investment community to assist in evaluating a company's ability to make quarterly cash dividends. Cash available for distribution is not required by accounting principles generally accepted in the United States and should not be considered as an alternative to net earnings or any other indicator of Seaspan's performance required by accounting principles generally accepted in the United States.

STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This release contains certain forward-looking statements (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended) concerning future events and our operations, performance and financial condition, including, in particular, the likelihood of our success in developing and expanding our business. Statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as "expects", "anticipates", "intends", "plans", "believes", "estimates", "projects", "forecasts", "will", "may", "potential", "should", and similar expressions are forward-looking statements. These forward-looking statements reflect management's current views only as of the date of this presentation and are not intended to give any assurance as to future results. As a result, you are cautioned not to rely on any forward-looking statements. Forward-looking statements appear in a number of places in this release. Although these statements are based upon assumptions we believe to be reasonable based upon available information, including operating margins, earnings, cash flow, working capital and capital expenditures, they are subject to risks and uncertainties. These risks and uncertainties include, but are not limited to: future operating or financial results; our expectations relating to dividend payments and forecasts of our ability to make such payments; pending acquisitions, business strategy and expected capital spending; operating expenses, availability of crew, number of off-hire days, drydocking requirements and insurance costs; general market conditions and shipping market trends, including charter rates and factors affecting supply and demand; our financial condition and liquidity, including our ability to obtain additional financing in the future to fund capital expenditures, acquisitions and other general corporate activities; estimated future capital expenditures needed to preserve our capital base; our expectations about the availability of ships to purchase, the time that it may take to construct new ships, or the useful lives of our ships; our continued ability to enter into long-term, fixed-rate time charters with our customers; our ability to leverage to our advantage Seaspan Management Services Limited's relationships and reputation in the containership industry; changes in governmental rules and regulations or actions taken by regulatory authorities; changes in worldwide container demand; changes in trading patterns; competitive factors in the markets in which we operate; potential inability to implement our growth strategy; potential for early termination of long-term contracts and our potential inability to renew or replace long-term contracts; ability of our customers to make charter payments; potential liability from future litigation; conditions in the public equity markets; and other factors detailed from time to time in our periodic reports. We expressly disclaim any obligation to update or revise any of these forward-looking statements, whether because of future events, new information, a change in our views or expectations, or otherwise. We make no prediction or statement about the performance of our common and subordinated shares.
